

Simon Bangen took this picture in 1894 just before he left for Bella Coola, British Columbia in 1895. Simon's wife, daughters and one baby son in carriage are on the left. Do you know the location of photo? This photo came from a collection of 30 found in a home that was under restoration in Norway. It was sent to us by Peter and Barbara Solhjell of Bella Coola (psolhjell@sd49.bc.ca), who are also looking for any descendents of John Saugstad (a brother of Mrs. Simon Bangen).
